

NVBC 2010 Round 3 Companies Announced

Three weeks ago we [announced](#) that 16 companies had automatically advanced to Round 3 and 27 companies would have the opportunity to pitch to get into Round 3.

The results are in and the following 10 companies will be moving on to Round 3 (listed in alphabetical order):

- * Catalyst oneMAR
- * Crowdsourc Networks Inc.
- * EcoMeter by EnviroSpeak Media
- * EnergyCzar Solutions
- * GreenScene AgriTek Inc., Manure Recycling
- * Grin Technologies Ltd.
- * Replicate – Pure Mocap
- * RipCharger – Worlds first 2-stroke supercharger system
- * Tingle.com
- * VP Process Inc.

These above companies are joining the following 16 companies that were announced on May 26th (listed in alphabetical order):

- * Antic Wireless
- * CarrotLines
- * Jostle Corporation
- * Locarna Systems, Inc.
- * Lumira Technologies
- * MedVoxel
- * MineSense
- * Novel Resonant Cavity Sensors
- * Pug Pharm Productions
- * Purion
- * Purpose Wireless Ltd.
- * Quadrogen Power Systems, Inc.
- * SchedulePanda.com
- * Sole Gear BioMaterials Inc.
- * StressMarq Biosciences Inc.
- * Weddingful

That makes it a Top 26 for the 2010 New Ventures BC Competition.

Congrats to all companies and good luck!
